Archives and Records

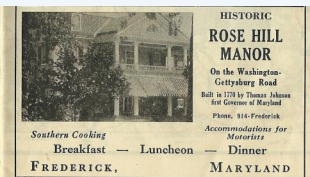

Rose Hill staff are currently reorganizing our documentary and pictorial archives to make them more user friendly for staff, students and others who may be interested in researching the life and times of the residents of Rose Hill. If you have records you think would be useful such as family histories, correspondence, images or other documentary evidence about Rose Hill we would love to take a look and possibly make copies of your records. Our mission is to understand and interpret the Rose Hill property from 1746-1950 which includes not only the life and times of Gov. Thomas Johnson & John and Ann Grahame but also the following families who inhabited and maintained the property from 1746-1950:

Hans Peter Hoffman family
David O, Thomas family
